

# ROMAH Foundation

4th ANNUAL "YOUNG DREAMERS" SCHOLARSHIP & SPONSORSHIP PROGRAM

(2013-2014)

SEE what's  
real

Often times, as tears roll down their eyes we've looked at these images and said, "Oh, that's sad", and that's about the extent of what most people do. What if...this is your child?

Imagine your  
child...

What if your child wanted to learn to write  
but don't own a pencil and paper?

What if your child had to walk several miles to go to school  
everyday without proper shoes to wear?

What if your child love to draw but only has her tiny fingers  
as a paint brush and a dirty ground for a canvas?

What if your child have the potential to become a successful  
doctor, a teacher, or a scientist, but can't afford her education?

Wouldn't you want someone to help?

## Grant

YOUNG DREAMERS  
4TH ANNUAL MISSION TRIP  
APRIL-JUNE 2013

## A Wish!

## The Power Of \$50 Bills

YES, it's that time of the year for us to head out again to the Philippines for our yearly Scholarship and Sponsorship Program. This will be our 4th outreach internationally; working to support the educational needs of many underprivileged children living in the remote, rural and indigenous communities.

Each year, our goal is to ease their worries away from "having without" so they can focus more on studying and getting proper education. Last year, we provided assistance to over 250 children throughout the islands of Negros & Panay.

YOU can be a part of our cause today by sponsoring a child with a small gift of a **\$50 Bill**. The most powerful part is that **YOUR GIFT** grants a child the essential tools that she or he wishes for such as bags, pencils, pens writing pads, books, school uniforms, shoes, school projects and activities and much more!!!

(Below were several scholars with honors for their excellence in school academics in 2012-2013)
